Career Goal

Enthusiastic Software Engineering student with hands-on experience in Java, JavaScript, SQL, and the MERN stack. Passionate about building scalable web applications and solving real-world problems through clean and efficient code. Seeking opportunities to apply technical skills in full-stack development using modern web technologies in a collaborative environment.

Academic Background

Bachelor of Technology in Information Technology   Nov 2022 – May 2026
Muthayammal Engineering College, Rasipuram   **CGPA : 8.54**
Higher Secondary School Certificate   May 2020 – May 2022
Vedhha Vikass Higher Secondary School, Salem   **12th - 89%**
Secondary School Leaving Certificate   May 2019 – April 2020
JVM Matric Higher secondary School, Rasipuram   **10th - 94%**

Technical Skills

Programming Language: Java
Web Technologies: HTML, CSS, React.js, Express.js
Tools & IDEs: Git, GitHub, VS Code and Eclipse
Database Management: MySQL, MongoDB

Soft Skills

- Team Collaboration   • Communication
- Problem-Solving   • Time Management

Internship

MERN Stack Intern | Zealous Tech Corp (15 Days)
- Engineered a full-stack application with responsive UI and real-time updates using the MERN stack.
- Collaborated with peers to develop a real time project using modern web technologies and Git.

Key Projects

Expense Tracker

   Tech Used: React.js, Node.js, Express.js, MongoDB

   Description: Built a full-stack web application for managing personal expenses with CRUD operations, real-time data updates, and a responsive user interface.

Optimal Flight Route Finder

   Tech Used: React.js, Node.js, Express.js, MongoDB

   Description: Developed a flight route optimization system using Dijkstra's algorithm to compute shortest paths and   display results through an interactive UI.

Certifications & Achievements

- **CodeTantra** – Certificate in Java Programming (Beginner-Level Course).
- **NPTEL Silver Certificate** – Cloud Computing (12-week course).
- **Docker & Kubernetes** – 2-day workshop on containerization and orchestration.
- **Hackathon'24** – Secured 4th prize in a 24-hour coding challenge at M.Kumarasamy College of Engineering, Karur.
- **HackIndia 2025** – Participated in a national-level tech hackathon.
